

NAVAL SUPPLY SYSTEMS COMMAND

FLEET & INDUSTRIAL SUPPLY CENTER JACKSONVILLE

The Naval Supply Systems Command, Fleet & Industrial Supply Center Small Business Programs Office promotes maximum socio-economic competition while fulfilling the agency's mission to support the Department of the Navy at sea, in the air or on land.

The Naval Supply Systems Command, Fleet & Industrial Supply Center Small Business Programs Office (FISC JAX) is located at the Naval Air Station Jacksonville, Florida. FISC JAX has instilled an energized and proactive plan to provide education and training to small business concerns throughout the southeast region from Texas to the Caribbean, to include Guantanamo Bay Cuba.

The Command's strategic plan is to participate in as many regional and local conferences as possible and to demonstrate FISC JAX's active role in identifying new small business concerns and to mentor existing small businesses to better service the needs of the U. S. Navy. FISC JAX's Small Business Programs Office assists Contracting personnel by maintaining an active outreach program to identify potential small business program participants. In addition, the office provides individual and group procurement advisory counseling to Government officials and to the small business community. Procurement advisory counseling to small business concerns includes guidance concerning acquisition procedures, information regarding proposed acquisition, instructions on responding to proposals, certifications and representations, obtaining payment and financial assistance within the procurement regulations. The Small Business Programs Office will also offer a major role in advising and assisting contracting officials, and end users in acquisition planning and reviewing all acquisition for possible small business program set-asides, subcontracting opportunities and subcontracting administration.

In Fiscal Year (FY 08), The Naval Supply Systems Command, Fleet & Industrial Supply Center, Jacksonville Florida awarded 7,468 contracts to small business concerns for a combined dollar amount of \$233,732,714.07.

Below provides a [small sample](#) of FISC JAX's commitment to Small Business concerns during FY 08.
